

David Hannah

15 October 1929 – 29 January 2005, 75

From: Carl Kunath, January 30, 2005

I regret to inform you that David Hannah, 75, died from complications of prostate cancer on January 29 at his home in Grand Junction, Colorado. Dave was an ardent member of the U.T. Grotto in the period 1955-1959 and was active in the affairs of the fledgling Texas Region of the NSS. All that knew Dave will miss him terribly and remember him for his wonderful sense of humor.

"I was born October 15, 1929. I was very young and very small." When Dave's doctors informed him that his time was rather short, he wrote to his friends: "God has blessed me and it has been a good life. Be not sad when I am gone. Be glad for the happy times we had."

A proper obituary will appear in a coming issue of the Texas Caver [but none was published].

We are diminished.

Carl Kunath
